

**WE'RE VOTING YES**  
**FOR THE**  
**UNITED HOME CARE WORKERS**  
**OF PA!**

*INSIDE: A special message about our union election from your fellow home care attendants*

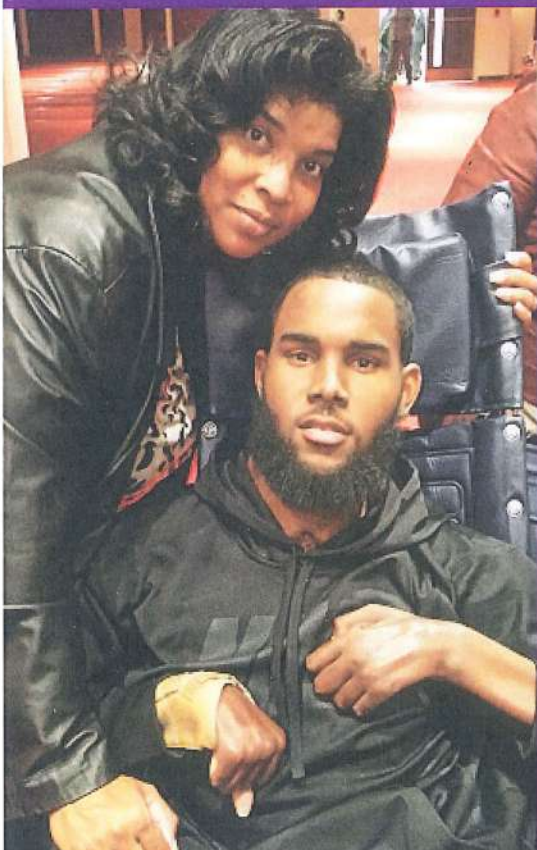

# Vote YES for the Improvements We and Our Consumers Deserve

*Dear Fellow Attendant,*

***My son Brandon inspires me.** Ever since he was injured five years ago, his attitude has been amazing. I feel blessed to be with him at home.*

*But there's no denying that **the home care system in Pennsylvania has made it a struggle.** It took 13 months after I applied to finally become Brandon's attendant.*

*And we all know once you start, the pay is too low. Ten dollars an hour is just not enough to support a family.*

***Fair pay is one of the many reasons I'm voting YES for United Home Care Workers of PA.***

*I've been trying for years to get additional hours for Brandon, but without any luck. Still, I'm fortunate, I have family and friends who can step in and help.*

*But for people who don't have that support, this job can be too much. And so they have to watch their loved ones go into a nursing home.*

*We don't have to let that happen anymore. **By forming our union, we'll have a powerful voice to win the support we need and the care our consumers deserve.***

*Sincerely,*

***Lisa Savage, Home Care Attendant, Philadelphia, PA***
